Modular Casework

FORMASPACE

RGX

Modular Casework Designed for Flexibility

- **Effortless Reconfiguration:**
  The RGX system revolutionizes casework by offering a truly unique and innovative approach, exceeding the industry standard for flexibility and adaptability in workspace solutions. SEFA compliant and working towards full certification, RGX ensures peace of mind for even the most demanding applications.

- **Clean Functionality in the Lab:**
  The very same RGX construction that delivers inviting aesthetics in hospitality environments transforms to meet the rigorous demands of a laboratory. The easy-to-clean surfaces and durable build ensure the credenza meets the highest standards for cleanliness and functionality, making it a perfect fit for lab applications.

- **Effortless Reconfiguration:**
  RGX easily adapts to your evolving needs. Modify or expand your layout with minimal disruption, saving you time and money in the long run.

- **Tailored for Diverse Lab Environments:**
  Our standard finishes and work surfaces offer a wide range of options to perfectly suit all lab applications, from blood labs and titration labs to food testing labs, clean rooms, tech labs, and educational facilities.

- **Seamless Integration:**
  Integrate RGX seamlessly with your existing furniture, creating a cohesive aesthetic.

- **Quick Installation:**
  Reduce downtime with RGX's easy bolt-together system. Its modular design allows for a faster and more efficient installation process, going from weeks to days.

- **Tailored to Your Vision:** Express your unique design with a variety of work surface and front application options. Choose from steel, phenolic, and HPL/LPL to perfectly match your workplace design.

- **Built-in Functionality:** RGX doesn't compromise on functionality. It fully supports plumbing and electrical, just like traditional fixed casework.

Benefits

Flexibility to adapt to changing needs

Seamless integration with existing furniture

Depreciates like furniture not buildings

Designed and built in Austin, TX

Fast and efficient installation – hours vs days

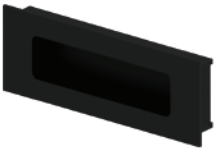
Options

Fronts

Door & drawer fronts are available in powder-coated steel, 0.75" phenolic, or edge-banded laminate. Steel fronts match frame color by default, but custom combinations are possible. CRS (flush pulls only), 0.75" phenolic (wire pulls only), 0.75" lpl (wire pulls only)

Pulls

Solid machined aluminum wire or flush pulls with 4" nominal width. Available in matte clear or black anodized finish. Wire pulls are standard with phenolic and HPL/LPL fronts. Flush pulls are standard with CRS fronts.



Locks

Locks (Optional) 5-Disc tumbler locks are offered on all RGX models.

Feet

Leveling feet

Accessories/Compatibility

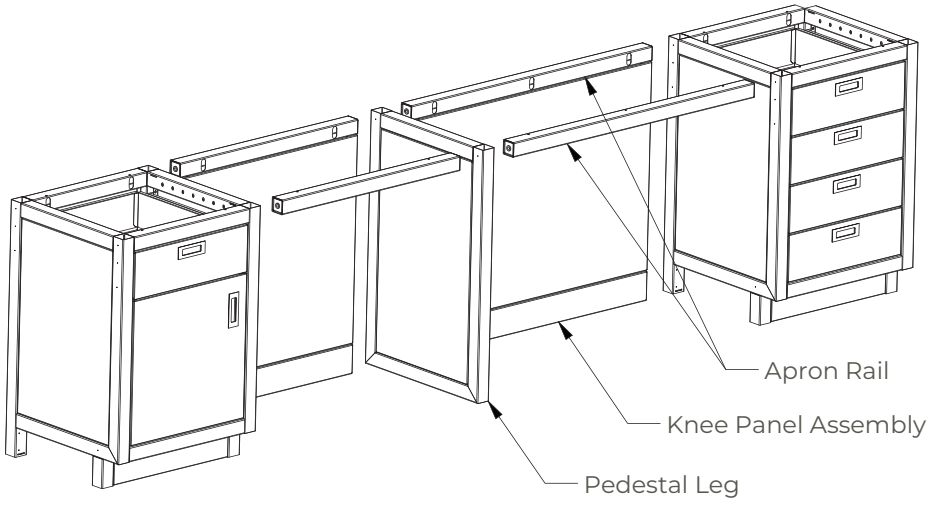
ADA compliant knee panels and base cabinets available

Accessories

Knee Spaces

RGX can create knee spaces using apron rails between cabinets and pedestal legs that will finish with knee panels. Apron rail and knee panel widths available in 1" increments from 18" to 54". Custom widths possible (custom widths are to be cut onsite).

***Note:** RGX apron rails may be substituted with 4.5"H welded aprons from our standard casework catalog.



Apron Rails

Specify width "WW" in model number as shown below.

Model number: RGX-A02WW **Example:** RGX-A0242

Knee Space Panels

Assembly includes kick base panel and removable wall panel. Select KSP height based on cabinet height and RGX or standard apron style.

KSP Assembly Heights

Nominal	Actual
24	24
27	26.75
30	30
33	32.75

Selecting KSP Nominal Height

		Arron style?	
		RGX	FS STD
Cabinet Height	35	KSP33	KSP30
	33	KSP30	KSP27
	29	KSP27	KSP24

Specify height "HH" and width "WW" in model number as shown below.

Model number: RGX-KSPHHWW **Example:** RGX-KSP3342

Accessories

Pedestal Legs

- 2" tube steel frame with inset panels
- One panel is removable for access to levelers
- Legs may be fastened to the floor and wall
